

NEGRO

TODAY ADMITS KILLING MR. COOPER.

MOTIVE FOR THE CRIME WAS ROBBERY.

A SEVERE CROSS EXAMINATION

Of the St. Louis Prisoner This Morning Finally Brought Out the Confession of the Attendant.

St. Louis, Mo., Jan. 25.—The mystery of the murder of Millionaire A. Dean Cooper has been cleared. At 9:45 o'clock this morning Wm. A. Strother, the negro attendant at the bath house where the crime was committed, cried out to Chief of Detectives Desmond:

"Yes, I killed him. I killed him with the stone sledge hammer so that I could rob him."

This confession is the sequel to almost 48 hours of as severe cross examination as a criminal was ever subjected to.

The chief immediately called in the official stenographer and had Strother's statement taken in full.

Later Strother said to a reporter:

"Yes, I killed Mr. Cooper. I killed him so I could keep the diamonds. But Mr. Cooper gave them to me first and I hid them. I did not take them from his fingers."

"After I hid the diamonds I came up stairs and saw Mr. Cooper asleep. Then a strange feeling came over me to kill him. I took two drinks to give me nerve. I went down into the cellar again and got the hammer. Returning to the room I found him still asleep."

"I took another drink, then seized the hammer and struck. The blow was a glancing one. I knew it had not killed him outright, but I did not strike him again. I went out and gave the alarm."

Neely Trial.

Havana, Jan. 25.—In the hearing of the charges growing out of the Cuban postal frauds, Colonel Charles H. Dutton, formerly inspector general of the division of Cuba, testified to having made an investigation of the Cuban postal department, during which he had found irregularities in the auditor's office, showing double credits amounting to \$15,000. The examination of the books of C. F. W. Neely, he said, disclosed the probable embezzlement of \$45,000 during the months of January, February and March of 1900, and a total embezzlement of about \$100,000 since July, 1899. Cross-examined by counsel for Rathbone, Colonel Burton said he had bought a carriage from the insular funds. He had put in a bath tub and a heater in his private house, payment for which was also made from the insular funds. Other army officers, he said, had done the same.

Real Estate Transfers.

Noah Miller and wife to Russell B. Green Jr., real estate in Monroe township, \$500.

Noah Miller and wife to Fox E. Green, real estate in Monroe township, \$1,000.

E. J. Carlisle, administrator of Robt. G. Fleming to James M. Fleming, real estate in Newark, \$1,000.

Edinburg, Jan. 25.—Lord Rosslyn, who recently formed a syndicate to break the bank at Monte Carlo by means of a system which he had drawn up, today began suit for divorce against his wife on the grounds of desertion.

Havana, Jan. 25.—Postoffice employees who were in the service at the same time as Neely and Rathbone were on the stand at today's session of the Neely trial. Neely is not as confident of acquittal as he was at the opening of the trial.

COMING HOME.—Ernest Graff, son of Mr. Anton Graff, of South Fifth street, who has served an enlistment in the U. S. army, serving in Cuba, and latterly being stationed at Port Thomas, Ky., will be discharged Monday and expects to be home next Wednesday.

SPANISH WAR.—A rousing meeting of the Spanish-American War Veterans was held Thursday evening. Two applications were favorable acted on. Comrade Walton set up a box of fine cigars and Patsy Nolan took two good flash pictures of the officers and members.

FIRE.—Friday at 11:40 p. m. the Central fire department was called to Mills' automobile store to put out a blaze started in the room where the Third Third street auto-caches are charged. The loss was comparatively small.

RY C. P. K.—The current number of the Cincinnati Lancet-Chronic contains a very well written and comprehensive article by Dr. C. P. King on the subject: "Is Tuberculosis Contagious?"

Mrs. D. E. Daniels and children of Columbus, are spending a few days with her brother, Mr. George Stewart, four miles north of Newark.

EXPLOSION

Occurred at Piqua This Morning, Causing Much Damage and Injuring Two Men.

Piqua, O., Jan. 25.—An explosion occurred in the three story building of C. H. May this morning blowing out many of the windows and scattering glass 100 feet around it. The loss will be several thousand dollars. Two persons were slightly injured. The loss is supposed to have been caused by a leak in the natural gas pipes or the igniting of some of the chemicals in the laboratory.

Another Engagement.

Panama, Jan. 25.—A report has reached here that the forces under the Colombian General Castro had an engagement with the troops under the revolutionary leader General Herrez, in the neighborhood of Agua Dulce, in the vicinity of Las Tablas, on the Azuro peninsula, southwest of Panama, in which the revolutionary forces were defeated. Confirmation of these reports is awaited. The meeting of the government troops and the revolutionists near Agua Dulce would explain the delay in the expected revolutionary attack upon Panama.

Daring Robbery of a Woman.

Wichita, Kan., Jan. 25.—Mrs. Angelina Anderson was bound and gagged here in broad daylight in her room and robbed of \$1,100 worth of diamonds and \$1,500 in money. She came here a few months ago and married an 18-year-old livery stable boy, who was taking care of her horses, and is now sending him to a local college. The woman is said to be from Racine, Wis.

STORM

THE CAUSE OF MANY MARINE DISASTERS.

WATER FRONT WAREHOUSES DESTROYED.

A STEAM FREIGHTER WRECKED

Today the Blizzard is Raging Through out Eastern Oregon and Washington—Much Damage.

Seattle, Wash., Jan. 25.—The total wreck of the steam freighter E. D. Smith, the collapse of a number of warehouses on the water front, a long list of disasters to vessels of all sorts and the wrecking of many wharves, are the results of yesterday's blizzard, which extended throughout the Sound country, accompanied by a heavy fall of snow. Many marine disasters are expected.

Baker City, Ore., Jan. 25.—A blizzard is raging throughout eastern Oregon and Washington. Much damage to stock and sheep is expected.

NO GROOM

Though All the Wedding Preparations Had Been Completed—Damage Suit May Result.

Marysville, O., Jan. 25.—Two weeks ago 100 invitations were sent out for the wedding at 7 o'clock Thursday evening of Miss Ophelia Davis, only daughter of Mr. and Mrs. John Davis, and Mr. Alexander Mitchell, of Cambridge. The preparations were complete, the prospective groom having actively participated. The bride was dressed for the ceremony, the officiating minister and the guests were present, the wedding supper was prepared, but the groom was strangely missing. The matter of bringing suit for breach of promise is said to be under consideration.

WITH CHEERS

Great Crowds Received Admiral Schley in Chicago This Morning. A Busy Day.

Chicago, Jan. 25.—Admiral Schley reported to Chicago this morning and thousands were at the depot to greet the Admiral and lined the street all the way to his hotel. The cheers were vociferous and the ovation was overwhelming. Not a moment of idleness will be permitted Schley till he leaves the city in the evening for Louisville. Admiral Schley today was greeted by the school children at South Chicago. He said: "I am always in physical danger when I see touching demonstrations of good will. I have what is known as a swelling heart. Whenever I experience emotion, my heart swells and my doctors have warned me that it is always dangerous to a man of my age. I am very fond of children and when they wave their hands to me and I read sincerity of their affections in their bright young faces I am simply overwhelmed with emotion."

REWARD

OFFERED FOR DISCOVERY OF AN HEIRESS.

PICTURE TAKEN WHEN SHE WAS A CHILD

IS ONE OF THE MAIN CLEWS

Her Father Was Murdered and Her Mother Died—Where is Henrietta Murwell?

Toledo, O., Jan. 25.—If any person can locate Henrietta Murwell, born in 1881, he can become the possessor of \$5,000 according to the information given out by a local detective agency and a young lawyer here, who does not wish his name used for the reason that it might defeat his purpose. "Tell us where that girl is," said the attorney, pointing his finger at the photograph of a child apparently 9 to 10 years of age, "and I will guarantee you \$5,000. The girl was born about 1881 in Southern Michigan."

"Her parents subsequently moved to Chicago, where her father was one night mysteriously murdered. The mother's grief was of short duration, for in less than six months she married Harvey G. Jones. Here, is where the career of the child begins to be lost. The stepfather took a dislike to the little girl. He was anxious to go to Philadelphia. After some persuasion the mother consented to placing the girl in a benevolent institution in Chicago. The couple then started for Philadelphia, but the wife died and Jones disappeared."

"This girl's grandfather was a well-to-do man in the East. Her father was his only son, who in a fit of pique ran away and married the woman he loved, the girl's mother."

"His mother died and the old man never remarried. He died worth about \$180,000. He leaves his property to his next of kin. If this child is alive it all belongs to her. If she is dead, then there are two brothers and a sister of a brother of Murwell's father, who are entitled to the estate."

Agency Changes Hands.

The agency for the Cincinnati Post and The Ohio State Journal for this city has been secured by Messrs. Chas. E. Matthews and Robert M. Smith, and the change will take effect on Tuesday, January 28th. In addition to the regular places the State Journal is on sale, it will also be handled at Peters & Smith's drug store, 29 North Third street. The agency of these papers will not interfere with the regular employment of either Mr. Matthews or Mr. Smith.

New York, Jan. 25.—Announcement was made this afternoon that Carnegie has within the last few days given \$300,000 to Cooper Union.

LINCOLN

THIS WOMAN CLAIMS WAS HER FATHER.

Silent Because She Thought She Would be Provided For—Now Hopes to Secure Property.

Springfield, Ill., Jan. 23.—Sarah Todd has set forth the claim that she is the daughter of Lincoln, the martyred President. She is anxious to prove her claim in order that she may gain possession of property near Petersburg.

The woman says she has been silent because she had the confidence that she would be provided for. She has not been provided for and she is now determined to prove that she is a daughter of Lincoln. When she does this Mrs. Todd says she expects to claim the farm land near Petersburg which she says she knows was the property of Lincoln at the time he was assassinated.

She does not know where she was born or her exact age. She says she knows she was reared northeast of Chambersburg and that she is over 40 years old. Robert Todd and Jane Todd reared her.

Various persons she says, told her that Robert and Jane Todd were not her parents. Some persons, she declares, told her that Lincoln was her parent. The woman asserts that she remembers when she was about 6 years old that Lincoln came to Todd's home, and they conversed about her.

Until Mrs. Todd was about 18 years old, according to her story, she was known as "Baby." Then she was given the name of Sarah Todd. As she became older she frequently asked Todd who was her father, but he always replied that it made no difference. This resulted in the girl quarreling with Todd and she said she was going to leave. He was willing, and when she left she says Todd gave her \$2,000. Todd is dead.

WHITAKER

Resigns, But It Is Not Improbable That He Will Be Reappointed, Dayton Hospital.

Columbus, O., Jan. 24.—(Bulletin)—Governor Nash today received the resignations of four trustees of the Dayton State Hospital, those of Leander Lesh of Eaton, Thomas Baring of Versailles, W. R. Roach of Bellefontaine, and F. W. Whitaker, Hamilton. The new board will be appointed next week. Probably Supr. Ratliff will be retained and Steward Knowles fired.

Columbus, O., Jan. 25.—Colonel Frank W. Whitaker, of Hamilton, Democratic member of the Dayton State Insane Hospital Board, has tendered his resignation to Governor Nash. The resignation was received through the mails and was brief. Col. Whitaker said that he resigned in accordance with the Governor's request. "But I have not accepted the resignation," said Governor Nash. "Does that mean that he will be reappointed?"

"Not necessarily—I have not made up my mind yet," replied the Governor.

The friends of Colonel Whitaker insist that the Governor's attitude means that Colonel Whitaker will be honored with a reappointment. They point out that the Governor has spoken in complimentary terms of Whitaker.

To the contrary, others insist that Governor Nash will not accept Whitaker's resignation and that he will be removed. They say that Governor Nash is displeased with the actions of all the board members for not resigning at once. It is argued that if the resignations had been forthcoming the instant the Governor demanded them that two or more members of the board would have been reappointed. It is said that the effort of each member to saddle the trouble on the other has disgusted the Chief Executive.

THREE ARE KILLED.

London, Jan. 25.—Dispatches from Madrid received today report an explosion on board the French gunboat Condor. Three persons were killed.

Athens, Greece, Jan. 25.—The report that an attempt was made to assassinate the King was officially denied today.

HAVOC

CAUSED BY EXPLOSION IN A COAL MINE.

OVER TWENTY DEAD AND EIGHT SERIOUSLY HURT.

VICTIMS HORRIBLY MANGLED

Work of Rescue Retarded by Fire. Debris Blown Out of Shaft 200 Feet.

Osage, Mo., Jan. 25.—Twenty-one miners are dead and eight seriously injured as the result of a mine disaster at Lost Creek, this state. The dead are: Joseph Gaspers, Frank Gaspers, Jim Stahl, Sylvester Croughan, Joe Berto, Andy Pash, Frank S. Cross, John Biers, John Martin, Mike Hraha, Jack Manley, Mike Fox Jr., Mike Fox Sr., Boone Fish, Russ Fish, A. B. Crews, Jack Elder, Dave Walter, Samuel Humphrey, Jim Humphrey and Alex Gray.

The explosion was what is known as a dust explosion. The miners had just fired their usual shot, one of which proved to be a fizzle. The burning powder ignited the gas and the explosion followed. Smoke and debris were blown out of the shaft 200 feet high. Part of the top works were torn away and the fans and cages were partially wrecked. This made the work of rescue very slow, and it was some time before volunteer parties dared to venture into the country, where the explosion occurred.

When the parties fought their way in a horrible sight greeted them. The dead and injured were terribly burned and mutilated, some of them almost beyond recognition. Fire, which it was at first feared would destroy the entire mine, had broken out, and this added terror to the spectacle. The flames were finally controlled, and after several of the rescue party had succumbed to the fumes all the dead were found and carried to the top of the shaft. At the time of the explosion more than 100 men were in the mines, but all those except the men in injury. The rescue among the families of the men was most pitiful. Nearly all of the men were married and leave families in poor circumstances. The mine is owned by the Lost Creek Fuel company of this city and has been in operation about one year. The total property damage will be about \$10,000.

GIRL

WINS THE FIRST PLACE IN ORATORY

WILL REPRESENT DENISON AT THE STATE CONTEST.

MISS ADA G. HUNT IS FIRST.

While W. E. Wickenden of Toledo Takes Second Place in the Annual Contest.

Granville, I., Jan. 25.—The oratorical contest to choose a representative to the state contest from Denison University and also an alternate, was held Friday night in Recital Hall, Granville and was very well attended.

The musical program was greatly enjoyed and the orations were indeed very much above the average. The subjects were well chosen, the subject matter ably and carefully prepared, and the delivery was in each case easy and graceful.

The judges unanimously decided that the first honors should go to Miss Ada G. Hunt, of Pataskala, whose oration on "General Stonewall Jackson" was a masterpiece of biographical and historical oratory.

"The Redemption of the American Negro," was the subject of W. E. Wickenden of Toledo, and the young man showed that he had carefully studied the question which is an all important one.

Mr. Wickenden was given second place while the excellent oration, "The Crisis of 1901," by M. E. McGuffey of Chattanooga, received many favorable comments. Mr. McGuffey ranked third.

The following program was carried out:

Piano solo, Miss Dorothy Kibler, of Newark.

"The Crisis of 1901," by M. E. McGuffey, of Chattanooga, Tenn.

General Stonewall Jackson, Miss Ada G. Hunt, Pataskala.

Redemption of the American Negro, W. E. Wickenden, of Toledo.

Vocal duet, Misses Belle White and Mame Morgan.

Judges, Attorneys Edward Kibler and T. B. Fulton of Newark, and Dr. C. L. Work of Granville.

Miss Hunt will be the first young lady to represent Denison at a state contest, and those who have heard her say that Denison will have reason to be proud of her showing at that time. The state contest will be held at Akron, O., Feb. 20, 1902.

KING'S DAUGHTERS

REORGANIZED HERE FOR MORE EFFECTIVE WORK.

The New Organization Which is on Strict Business Lines, Includes Domestic Education.

The King's Daughters, that world-renowned organization, has several circles in Newark. The society here is reorganizing and will in the near future be run on strictly business lines. The society will consult with and work in harmony with the township trustees in matters pertaining to public charity. The society has rented a room in the Hilbert & Schaus building—the first room to the right on the third floor, and it will be open every Wednesday from 9 a. m. till 12, and from 1 till 5 p. m., and all contributions are asked to be brought to the room, where they will be numbered and catalogued, and made ready for distribution.

It is the purpose of the King's Daughters to start classes for girls from twelve to fourteen years of age, and to teach them all kinds of sewing, and mending, also some rudimentary household work.

Light refreshments will be served to the pupils on these afternoons when the girls will be taught the art of preparing and serving, and the care of china. A record will also be kept of all who are aided in any way, and the members of the society will personally investigate all applicants for aid. A slate will be hung on the door on the outside on which can be written the name of any needing assistance of any kind.

It is the hope of the society to make the girls who come under its instruction able to do for themselves. The garments that their hands make will be given to them. Any article of clothing will be turned to good use in this work. The girls will be taught to clean, mend and make over all kinds of clothing. It is the earnest hope of the society that their work on these lines will prosper and grow.

STANDARD OIL

To Spend Millions in the Texas Field Which Will Mean Greatly Reduced Dividend.

New York, Jan. 25.—It was asserted this morning that the Standard Oil company will soon spend \$25,000,000 to \$30,000,000 for betterments, most of this in the Texas oil fields. This will be done without an increase of stock, the expenses to be paid out of the earnings. This will mean a greatly reduced dividend.

Raid on the Bowery.

New York, Jan. 25.—A raid of unusual proportions was made by nearly 100 policemen on the Bowery. Several notorious resorts were closed and 32 prisoners locked up. The large number of policemen on the scene prevented any outbreak of violence and there was little difficulty in getting the prisoners to police stations. The raid foreshadows the doom of the Bowery, for they mark the preliminary step in the wholesale cleaning of that somewhat famous thoroughfare. In nearly every raid the proprietor of the resort was arrested.

Suit Under Mob Law Act.

Bellaire, Mich., Jan. 25.—Jacob Stinson and Mary Shoke have begun suit against Antrim county for \$5,000 each, under the mob law act of 1891, holding counties liable for damages when individuals are assaulted by mobs. They allege that in last July they were assaulted by a band of masked men, and after being denuded of clothing were daubed with tar and otherwise injured. The couple were living together near Central Lake when the assault occurred. This is the second suit of this kind begun in Michigan.

LADS

ATTRACTED ATTENTION OF THE "DRUMMER"

AT TROY WHO PROVED TO BE THEIR UNCLE.

ARE SONS OF HIS BROTHER.

Who Vanished Years Ago—Pin He Wore Led to a Remarkable Discovery in a Hotel.

Troy, O., Jan. 25.—Two orphans have been provided with good homes and W. B. Firth has learned of the death of a brother whom he had not seen for 15 years, through the medium of a few pennies.

The affair happened at Hotel Troy yesterday afternoon and was the sequel to the trip of J. L. Speer and a number of foundlings from the Cincinnati Children's Home to this city. Mr. Speer arrived with a dozen youngsters with eyes sparkling with the pleasures of their ride and the prospects of a home in the country.

There were a number of men at the hotel and when the children came they became the special objects of interest.

"Drummers" tossed pennies in the air to watch the little ones grab for them.

One of the travelers was W. B. Firth of Chicago, and he was attracted to two rosy-cheeked boys. He divided a handful of coppers between them and then asked one his name.

"Joseph Firth," was the answer that astonished him. He made more inquiries. Joseph said they had formerly lived in Nashville, and that his father, Louis Firth, had been an artist, but had died several years ago, and since that time the brothers had been cared for at the Children's Home.

While sitting on Firth's lap, Joseph suddenly looked at his benefactor's ear and exclaimed:

"My papa used to wear a pin just like that," referring to an emerald earring which the man wore.

This settled the identification for Firth—the children were the sons of his brother, whom he had last seen 15 years ago in their childhood's home in Scotland. The family in that country had many branches but so far as he knew only his immediate relatives ever emigrated to the United States. Fifteen years ago his brother Louis emigrated to this country, and since that time nothing had been heard of him.

The news of Mr. Firth's discovery spread and the children were soon surrounded by an interested group of men of two of the best families of Troy. They have been found for them, where they will remain until their parents can be located. Mr. Firth has promised to make arrangements for their care.

Bethesda, Md., Jan. 25.—Four men were hurt, one probably fatally by a fall of rock in the Walsh tunnel back of Mount Washington this morning. George Gill of Chicago, foreman, still probably alive. The other three injured were young but slightly injured.

When a young girl asks questions of a bureau of information is she misinformed?

BOSS COX

SUPREME DICTATOR OF OHIO LEGISLATURE.

THE SENATORS HIS PUPPETS WHO WILL DANCE.

WHEN COX PULLS THE STRING

He May Not Pass All Laws He Wants, but Will Kill Those He Does Not Want.

Columbus, Jan. 24.—The most significant thing in legislative developments this week, from a political standpoint, was the bold proclamation through the appointment of the senate committees that George B. Cox, the big Cincinnati boss, is the supreme dictator of the present general assembly. The senators are his puppets and will dance when he pulls the string; and, as this body has deterrent influence over legislation originating in the house, it leaves Cox in a position of supreme control, practically the same as he would occupy if the house, also, were openly subservient to him. The Hanna people now understand that they have lost practically everything they hoped to gain in the organization of both branches, and the election of McKinnon as speaker is far from consoling them for this humiliation.

The senate has capitulated to Cox, body, boots and breeches. He has corralled all the important committees, especially those that will deal with the vast affairs peculiarly important to the people of Cincinnati and Hamilton county, and, while he will not be able to enforce all the legislation he may desire, he will be able to "hang up" what he does not want and use this power to browbeat his opponents into granting what he does want. Senator Moore of Athens, is Cox's man as chairman of the committee on finance. Josea of Hamilton, occupies the same position on the judiciary committee; Lonkworth of Hamilton on the committee on taxation; Eckert of Hamilton and Burnham of Montgomery on the two committees on municipal corporations; Harding of Marion on insurance and Wilhelm of Stark on railroads and telegraph companies. Every Republican feels the reproach upon the application of bossism to the vitals of legislation. While acknowledging Cox as their master, in private they fret and fume over their claims. The wise ones among them are already saying that by this turning over of the highest legislative body in the state to Cox the Republicans have given the Democracy ample material out of which to work a victory in the next campaign that will stand as a lasting rebuke to such one-man power in Ohio politics for a long time to come. The Democrats accept the situation philosophically and are inclined to "let the tail go with the hide," believing that Cox and his followers, if given rope enough will finally hang themselves.

Senator Harding of Marion, was the chief instrument in aiding Cox to hog the persimmons, and incidentally, Mr. Harding took good care of himself. Indeed, it is quietly whispered among Harding's Republican colleagues that he appears to have developed the porcine instinct quite as emphatically as Cox. It was Harding, who, as chairman of the select committee appointed to nominate the standing committees, reported the latter, and he succeeded in placing himself on five of the most important ones and on five others, making eleven distinct responsibilities, or "snaps," which he thus arrogated to himself, according to the point of view from which they are regarded. He is chairman of the committee on insurance and a number of the important committees on common schools, Federal relations (to which redistricting bills will be referred), finance and taxation. In addition to these he is on the committees on claims, industrial home for boys and girls, military affairs, universities and colleges and banks and buildings and loan associations. As between Cox and Harding it is difficult to determine which has the larger reach.

Governor Nash's pet taxation schemes appear in the two most important bills of the week. One of these bills provides for the filing by all corporations, domestic and foreign, doing business in Ohio, of annual statements with the secretary of state and for the payment of an annual tax of one-tenth of one per cent upon the authorized capital stock of each. Only seven corporations are now required to pay annual fees to the state are exempted.

The second of the proposed laws denies the excise tax of one-half of one per cent levied on the gross earnings of quasi-public corporations, and brings a telegraph and telephone companies under the provisions of the law. Excise companies now pay the tax substantially one per cent of the gross earnings from business done in Ohio, and their tax is not increased by the bill. Senator Guffey estimates the additional revenue to be secured from the operation of the two laws at

TRUSTS AND TARIFF ALLIANCE.

It gives a fresh importance to Representative Babcock's move in the Republican ranks at Washington to promote a certain detail of tariff reform to know, that seventy Republican members of the House have signed his call for a House caucus to consider the question. Thirty more signatures will make it compulsory to convene the caucus, but whether he secures that number or not the fact that seventy representatives are willing to declare themselves on the principle that the tariff should not be used to promote trusts to the extent they can find profit in selling their products cheaper abroad than at home shows that this particular bit of tariff extortion has caught the ear of the country, and is affecting the Republican party at the West. Western Republican congressmen bear testimony to the fact that a strong feeling is commencing to pervade their party on this alliance of trust and tariff interests.

The extent to which the House of Representatives has abdicated its functions and power and is no longer a deliberative body is attracting the attention of the country. It has resulted that the actual business of Congress is now transacted in the Senate where there is free debate. This congressional revolution is due to Czar Reed, but it has been strengthened by his successor, Speaker Henderson. They have reduced the House to a machine, with the speaker and two other members of the committee on rules at the lever. Debates in the House, gagged as it is, no longer influence the country. The Senate is looked to for the adequate consideration and discussion of all great public measures. It used to be the other way, and the House as the popular branch representing the people "ruled the roost." It is so no longer. Out of 357 members, three of the committee on rules steer and control it.

A formidable demonstration is to be made in Congress in the way of a petition signed by 212,000 people, expressing sympathy for the Boers and asking Congress to do the same. This petition has been gotten up under the auspices of Webster Davis, ex-Speaker Reed, Bourke Cockran and Governor Yates of Illinois. Mr. Davis is authority for the statement that Russia intended to interfere on behalf of the Boers, but refrained from doing so because the czar understood in that case the United States would take a hand in behalf of England.

Unnecessary Tariffs Breed War.

(St. Louis Republic.)

There is no question as to the folly of maintaining an unnecessary tariff on certain foreign products, in competition with which American manufacturers are underselling all others in foreign markets. The "protection" thus afforded is entirely superfluous and tremendously costly to the American consumer. If a retaliatory war such as Germany now contemplates is ultimately provoked American trade must inevitably suffer. Nor shall we have any ground for honest complaint.

All One People Now.

(Charleston News and Courier.)

We are all one people, we come from the same stock, we live under the same institutions, we follow the same flag. Our social and political interests are the same, in fact, whatever the politicians may say, and with our memories of the glorious past refreshed in the triumphs of the present time we look forward to a magnificent future. We may say of the states of this American union, "These are they which came out of great tribulation," and the new heaven and the new earth are just ahead a little way on the road we are traveling.

American Imitation of Spanish and British Horrors.

(Pittsburg Post.)

Now that General Bell, commanding the district south of Manila, has taken the field against the Filipinos with his concentration edict, patterned on the Weyler and Kitchener plans, the Spanish party in Cuba avails itself of the opportunity to even up. Says the "Diario de la Marina" of Havana:

How scandalized were the Americans and the English over all that happened in Cuba, and particularly over the reconcentration system under Weyler! How humane, how charitable, how sensitive were those Anglo-Saxons! And what savages, what barbarians, what cruel beasts we Latins are! O you hypocrites!

And just here it is in the nick of time to reproduce what President McKinley said on Weyler's reconcentration species of diabolic war in his message of April 11, 1898:

Reconcentration, adopted avowedly as a war measure in order to cut off the resources of the insurgents, worked its predestined result. As I said in my message of last December, it was not civilized warfare; it was extermination. The only peace it again.

could beget was that of the wilderness and the grave.

In his previous message of December 6, 1897, picturing the horrors of concentration, the President declared: The cruel policy of concentration was initiated in Cuba on February 16, 1896. The productive districts controlled by the Spanish armies were depopulated. The agricultural inhabitants were herded in and about the garrison towns, their lands laid waste, and their dwellings destroyed. This policy the late cabinet of Spain justified as a necessary measure of war, and a measure of cutting off supplies from the insurgents. It has utterly failed as a war measure. It was not civilized warfare. It was extermination.

It was the horrors of concentration that sent us into a righteous war against Spain. And now we are at it ourselves. General Bell instances the same reasons that Weyler did. He says that we must convince "the greater part of the people, especially the wealthy ones," that "they want peace and want it badly." Weyler again.

THE W. C. T. U.

As the devotional leader was unable to be present at the meeting held on Tuesday, Jan. 21, the exercises were general, and as usual the half hour was very profitably spent.

A number of letters were read by the Secretary from the State President, and the State Superintendent of the different departments of work, which occupied the greater portion of the time. The meeting was a very enthusiastic one and much business came up for attention.

On next Tuesday there will be a Mothers' meeting, under the supervision of Mrs. B. F. Patt, who requests every member to invite their friends and present some question pertaining to child training to Mrs. Metz, at the meeting, who will have charge of the question box. At the close light refreshments will be served.

"Mother love works magic for humanity, but organized mother love miracles. Mother hearted women are called to be saviors of the race. I speak it reverently, as a loyal worshiper of Him who said 'Mother, be hold thy Son.'"

The weariness and sadness of life come from persistently closing our eyes to its greatness. There is no other life so poor as that which through too close a grasp of visible things, has lost conscious hold upon unseen realities. Lifted into the atmosphere of infinite greatness, the soul itself grows great; unfolded within the perfect love, the life itself becomes love.

The crown of patience cannot be received where there has been no suffering. If thou refusest to suffer thou refusest to be crowned, but if thou wishest to be crowned, thou must fight manfully and suffer patiently. Without labor none can rest, without contending there can be a conquest.

O, let Thy hand support us still. And lead us to Thy holy hill Where toil, and grief and pain shall cease.

There all is calm, there all is peace.

The following resolutions were adopted:

Whereas, We the members of the Women's Christian Temperance Union of Newark, Ohio, desiring to give expression to our sorrow at the death of Mrs. Emily E. Covert, and to manifest our respect for her memory, therefore, be it

Resolved, That in the death of our sister, Mrs. Covert, we have lost one of our most faithful and esteemed members, one whose hands and counsel never failed to respond to the temperance work.

Resolved, That because of her devotion to the interest of the Union and the sweetness of her character, her loss will be sincerely mourned and her memory long preserved in the hearts of her co-workers.

Resolved, That we extend our sincere sympathy to the family and that a copy of these resolutions be sent to them, also that they be spread upon the record of the Union, and a copy be sent to the Ohio Messenger.

WEDDING IN NEWARK.

The marriage of Miss Gertrude Burkhardt of Newark to Mr. Frank Orwig of this city was solemnized Wednesday at the bride's home in Newark. Mr. and Mrs. Orwig will come to this city Sunday and will live on Maple avenue. Mr. Orwig who is a painter, is popular with a large circle of friends who will tender congratulations.—Zanesville Signal.

MRS. TAYLOR'S FUNERAL.

The funeral of Mrs. James Taylor took place this morning from the Trinity Episcopal church at 12:30 o'clock and was largely attended. The services were conducted by Rev. Dr. Pierce of Kenyon College, Gambier. Interment was made in Cedar Hill cemetery.

\$1,650,000, of which amount \$1,000,000 will come from the tax on the capital stock of corporations. The most important of the Johnson measures introduced this week provides for taking the appraisement of railroad property out of the hands of county auditors and placing it in the hands of a state board.

Color is added to the announcement made some time ago of the alliance of Foraker and Daugherty by later developments.

According to one who stands close to Foraker an agreement was reached between Foraker and Daugherty, during the senator's visit here, which has for its object the nomination of Daugherty for governor and the retirement of Dick from the chairmanship of the Republican state committee.

It is said that the Foraker-Daugherty alliance is to be an offensive and defensive affair and that while the details of the plan of campaign have not been worked out, yet the understanding between Mr. Daugherty and Mr. Foraker is such as to form a working basis, and the ultimate purpose of which is to eliminate Senator Hanna from the political map of the Buckeye state.

As to the wisdom of recognizing the late central committee and selecting a new chairman, there was a hearty unanimity of opinion, and it is said that this unanimity of spirit extended to many other points at issue.

One question discussed was that of Congressman Dick's probable candidacy for governor, and such an understanding was reached, as it is believed will check his aspirations in that direction. The combined forces of the Foraker and Daugherty people can control the house and the senate, and a portion of the agreement as given out is that in case of Mr. Dick's refusal to withdraw from the gubernatorial race such a redistricting bill will be passed as to place Summit, his home county, in such a district as to prevent his election to the office he now holds.

Even if the Daugherty men later refuse to join the combination it is probable Senator Foraker and his friends will make the contest single-handed. In that event they would have a candidate of their own for the governorship.

Beware of Frauds.

Word comes to us that certain persons are soliciting funds and donations for the First M. E. church from the general public in this city. All such persons are frauds and the public is requested to refuse any such report them to the proper authorities. We have no canvassers in the field for the First M. E. church.

SORE NECK

Take Scott's Emulsion for scrofula. Children often have sores on the neck that won't heal up. The sores may come and go. Parents may not know what's the matter nor what to do. Scrofula is the trouble and Scott's Emulsion is the medicine.

Scott's Emulsion heals the sores. But that is not all. Scrofula leads to consumption. This is the real danger.

Scott's Emulsion is the "ounce of prevention" that keeps off consumption.

THE HOCKING VALLEY AND OHIO CENTRAL

Interesting Facts About the So-Called Combine and Independent Operators—Tremendous Increase in the Demand for Coal and Its Effect Upon Prices.

Columbus, Jan. 25.—(Special correspondence.)—The sensational charges made in the suits, brought a few weeks ago by the prosecuting attorneys of Hocking and Crawford counties and other lawyers associated with them against the Hocking Valley and Ohio Central railroads have excited much interest, especially along the lines of these roads.

The petition charges that the Hocking Valley and Toledo and Ohio Central railroads have been consolidated in violation of the laws of Ohio, and that in conjunction with two large coal and land companies, they are controlled by J. P. Morgan of New York. It is charged also that this alleged combination has conspired to suppress the independent mining of coal in the interest of its own mine and to exact an extortionate price from coal consumers.

This is a subject of such wide general interest that special pains have been taken to thoroughly investigate all the facts obtainable with a view to giving the public the exact truth regarding it. The officials of the road have declined to make any statement in advance of their answer in court. But they express confidence in their ability to disprove all sensational charges and show that they have acted within the law and in the interest of the public, as well as their own property.

A TRACKAGE ARRANGEMENT.

The principal basis of the suit seems to be the fact that a trackage agreement was entered into by the Toledo and Ohio Central and Hocking Valley roads by which the loaded cars of coal from the Hocking Valley mine go north over the Hocking Valley tracks and the empty cars return over the Toledo and Ohio Central.

This, however, is no proof of a combination to advance rates or crush out competition in mining. It is simply an arrangement for the mutual use of the tracks of each company by the other's trains in a manner that is advantageous to both. A similar arrangement, but on a smaller scale, was made some months ago between Erie and Big Four roads, by which all west-bound traffic between Gallo and Marion uses one road and all east-bound traffic uses the other. The two roads parallel each other from Gallo to Marion, and by this trackage arrangement the trains of both have the advantages of a double track system with the added safety to the public and without the extra investment which a double track would have made necessary.

SAVES OUTLAY FOR DOUBLE TRACKS.

The past few years of great prosperity have crowded all the railroads with traffic, and it has been necessary to make plans to handle larger volume of business than seemed possible a few years ago. This has been true of all the railroads of the country and many of them have been compelled to double track part or all of their systems in order to handle the business.

This was the situation with the Hocking Valley railroad. In 1898 it carried 1,790,800 tons of Ohio coal; in 1900 this traffic had increased to 5,987,783. In other words, the tonnage of coal produced by Ohio mines alone the Hocking Valley road more than doubled in three years. Other traffic also increased in a very large measure and it became absolutely necessary to make plans to be devised to handle the tremendous increase in traffic. Plans were already made for double tracking a considerable part of the Hocking Valley system when somebody suggested that a trackage arrangement with the Toledo and Ohio Central would enable both roads to handle their business more economically and would save the large outlay a double track called for.

ADVANTAGE TO THE PUBLIC.

The grades are much lower on the Hocking Valley road than on the Ohio Central. Last year the average tonnage of freight on the Hocking Valley was 645 tons and on the Ohio Central 31 tons. The trackage agreement permits Ohio Central through traffic with their own engines and crews, to haul that much more coal north over the Hocking Valley and return over their own lines, while the Hocking Valley track is cleared of through southbound traffic which uses the Ohio Central.

In these days when the public clamors for every ton of coal that can possibly be hauled to market, this is a great public benefit as well as an advantage to the railroad companies since it enables the railroads to supply the public with thousands of tons more coal than was possible otherwise. Careful and impartial inquiry leaves no doubt that these are the exact facts. The plan is advantageous to the public as well as the railroads. Everything that lessens the expense of operating railroads means in the end lower freight charges. Even if this arrangement, the Hocking Valley road would have been compelled to lay many miles of double track, and the same traffic it is now handling would of necessity have been charged enough more to pay the interest on the hundreds of thousands of dollars

of additional investment which that would have called for.

INCREASED DEMAND FOR COAL.

It seems to be the aim in some of the publications that have been made about the suits in question to hold railroad companies responsible for the higher prices of coal that have obtained for some months. Coal prices have advanced all over the country since other prices have. The advance has been no greater relatively along the lines of these roads than at Pittsburgh, the center of the soft coal industry, or at Cleveland, Chicago, or Buffalo. The fact is the price of coal depends largely upon the demand for it. In these years of great prosperity every factory is using from 25 to 100 per cent more coal than it did a few years ago, and the railroads of the country are using double their former consumption because they are moving more engines, with a corresponding increase of fuel.

Two examples of thriving Ohio cities will illustrate what is meant. The official figures for coal delivered by the Hocking Valley road for local consumption at Marion and Findlay show that in 1898 Marion took 18,096 tons, while in 1901 it received 31,297 tons. Findlay in 1898 received 12,084 tons over the Hocking and 16,515 tons over the Ohio Central, a total of 28,599 tons; in 1901 it received 28,578 tons over the Hocking and 42,816 tons over the Ohio Central, a total of 71,394 tons. Here in one town was an increase in coal consumption in three years of 250 per cent. Part of this was undoubtedly to falling gas supply at that does not apply to Marion where the increase in receipts from the road was 75 per cent.

COAL PRODUCTION DOUBLED IN THREE YEARS.

What has occurred at these towns as been duplicated all over the country during the last three years. The increase in the demand for coal has been so unprecedented that it seems marvelous. In 1898, for example, the Ohio coal mined along the lines of the Hocking Valley and Ohio Central amounted in round figures to 800,000 tons. In 1901 it reached the total over 5,600,000 tons. In other words, the output doubled in three years. Yet has 500 more ordered already for 1902, even this vast increase has not been able to meet the increasing needs of the industries of the nation, and the fuel supply at all points, the far Northwest today is lower than in any January in many years. One of the big independent mining companies in the Hocking Valley, whose offices in this city, was noted by its Northwestern agent in Indianapolis a few days ago that he had just received 300,000 tons of coal in 1902 than he received in 1901, though he was shipped twice as much coal in 1901 as in 1898. And this is only one case of many that might be cited.

WHY PRICES ARE HIGHER.

The Hocking Valley road bought 30 new coal cars in 1899 and 10 more in 1900. In 1901 it added 1500 more, or 5000 in three years. All of these had tons, yet the company has already ordered 500 more this year. The Ohio Central bought 500 new coal cars in 1899. In 1900 it bought 70 and in 1901 it added 1500 40-ton cars. It and the Kanawha and Michigan, most a capacity of 40-tons each, which means that every trip these new cars made out of the coal fields they took 200,000 of whose freight passed over the Hocking and Ohio Central, has ordered 2000 new 40-ton cars for 1902. Such facts speak for themselves, and show the reasons why coal has advanced in price. If the mines were not being pushed to their fullest capacity to fill their orders, prices would be lower, but every business is regulated by supply and demand. As long as the coal operators cannot fill their orders they may be expected to charge a higher price than they would if they were mining ore coal than they could find a ready market for.

MORGAN AND THE INDEPENDENT OPERATORS.

This brings up another interesting phase of this subject. The suits referred to above have given some people the impression that Mr. J. P. Morgan, or, to speak more correctly, the Morgan interests, mine most of the coal produced along the lines of the Hocking Valley and Ohio Central, and that they are discriminating against the independent mine owners with a view to crushing them out. Inquiry among the coal operators of this city where the Hocking Valley mine interests center, shows that this is a misleading and false.

As a matter of fact, the Sunday Creek Coal Company and the Buckeye Coal and Railway company, the two properties owned by the Morgan interests, mined last year almost exactly 2,000,000 of the 5,600,000 tons produced along the lines of these roads, or less than 36 per cent of the total. As for the independent producers, they show no signs of suffering from any discrimination in rates. This is best demonstrated by the large new investments made by operators who are wholly independent of

any suspicion of connection with the so-called Morgan interest. Here are a few cases: **BIG INDEPENDENT INVESTMENTS.** The New Pittsburgh Coal company opened a large new mine near Murray City in 1901 which is capable of producing from 300,000 to 400,000 tons of coal per year.

The Columbus Coal company last year added another large mine, also near Murray City, to its list of producers which has a capacity of probably 200,000 tons per year.

The Columbus and Hocking Coal and Iron company added a mine equipped to produce 300,000 tons annually and located near Doanville. The York Clay and Mining company put in a new mine below Nelsonville that is expected to produce from 200,000 to 300,000 tons a year.

Slater & Posten, and the Dover Coal company, which they own, opened two large mines, one at Floodwood and the other at Chauncey, in 1901.

The Sommers Coal company developed a new mine at Kimberley on land owned by Philadelphia parties and added about 200,000 tons to its annual capacity.

In other words, these five big independent operators alone, to say nothing of smaller producers, can, if the trade continues to demand it, produce upward of 1,500,000 tons more coal in 1902 than they did in 1901. Does anybody suppose these shrewd, successful and practical coal men would have invested the hundreds of thousands of dollars necessary to open and equip these new mines if the Morgan interests were "crushing them out?"

ANOTHER NOTABLE INSTANCE.

Another illustration is even more forcible. The Pittsburgh Coal company within the last few weeks, has purchased all the Hocking Valley properties of the New Pittsburgh Coal company and the Greenville Coal company. In other words, this Pittsburgh concern, which is the largest producer of soft coal in the world, with such men as Francis Robbins and Henry C. Frick at its head, and which is absolutely independent of the Morgan interests, has, within the last month, invested over \$1,500,000 in Hocking Valley coal properties. Does any reasonable man suppose they would have done so if the Morgan interests were seeking to "crush out competition" and monopolize the mining of coal along the Hocking Valley and Ohio Central lines? The fact that such large investments are made at points where mines are wholly dependent upon the Hocking and Ohio Central for getting their coal to market is conclusive evidence, if any were needed, of the fair and just treatment accorded by these railroads to the independent coal operators along their lines.

FINDS WAY TO LIVE LONG.

The startling announcement of a discovery that will surely lengthen life is made by editor O. H. Downey, of Chubbuck, Ind. "I wish to state," he writes, "that Dr. King's New Discovery for Consumption is the most infallible remedy that I have ever known for Coughs, Colds and Grip. It's invaluable to people with weak lungs. Having this wonderful medicine no one need dread Pneumonia or Consumption. Its relief is instant and cure certain." Hall's drug store guarantees every 50c and \$1.00 bottle, and gives trial bottles free.

IN SOCIETY.

One of the most unique and delightful of the entertainments that have been given this winter was the thimble party given Friday afternoon by Mrs. Edward Thomas. The guests were asked to come at two o'clock, and to bring their thimbles and scissors. Small tables stood about the rooms, and as soon as all the guests had arrived, and were seated at the tables, packages containing the work were distributed. The packages each contained a hat frame, crepe paper of different colors, pins, thread, and needles. An hour and a half was given to make the hats, and such marvels of millinery genius were turned out that even Virot would have turned green with envy. The judges, Mrs. Neal, Mrs. Harry Hoover, and Miss Sarah Buckingham, awarded the first prize to Mrs. Robert Davidson, the second prize was a tie between Mrs. Wright and Miss Neal, the luck falling to Miss Neal. Miss Montgomery and Miss Margaret Buckingham cut for the consolation prize. Miss Buckingham winning. At five o'clock a course supper was served. The guests present were, Mrs. Charles Smith, Mrs. Robert Davidson, Mrs. Ned Wright, Mrs. Will Blood, Mrs. Fred Seymour, Mrs. Harry Swisher, Mrs. A. H. Pierson, Mrs. Kemper Scott, Mrs. Neal, and Mrs. Harry Hoover, Misses Annie Sprague, Lillian Rhoads, Lucy Blood, Minnie Sprague, Margaret Buckingham, Emma Woodbridge, Anna Franklin, Sarah Buckingham, Nellie, Alice, and Julia McCune, Mary Neal, Lois Upson, Alice Wilson, Nina Webb, Dora Lisle, Jessie Robbins, Elizabeth Thomas and Minnie Montgomery of Montour's Point. Mrs. Cooper of Mt. Vernon, was the guest of honor.

Prominent among the social events of the week was the dinner party given on Thursday evening by Mr. and Mrs. Henry Woodbridge in celebration of their silver wedding. Notwithstanding that the occasion of the party was kept secret, a few of the guests learned the fact, and Mr. and Mrs. Woodbridge received some pretty gifts. Perhaps the most interesting feature of the entertainment was the wedding cake, which was twenty-five years old, a piece of which was given to each guest. It was done up in small boxes covered with white moire paper, and on the top was inscribed in silver, the dates 1877 and 1902, the letter W., and also the name of the guest. The cake was a fruit cake, and had lost none of its fine flavor. The guests present were: Mr. and Mrs. William Prout, Mr. and Mrs. James Smith, Mr. and Mrs. Montgomery, Mr. and Mrs. Edmonson, Mr. and Mrs. Fred Woodbridge, Mr. and Mrs. Pierson, Mrs. Parrish, Mrs. Dean, Mr. Veach, Miss Veach, Miss Simonds, Mr. and Mrs. Will Sprague, Mr. and Mrs. Ed. Thomas, Mr. and Mrs. Maylene, Rev. and Mrs. Grandstaff, Mr. and Mrs. W. H. Davis, Mr. and Mrs. James Thomas, Dr. and Mrs. Morse, Mrs. Owens, Mrs. Fleck, and Mrs. Jane Woodbridge.

Miss Besse Lemert Ried entertained with a pedro party on Friday evening at her home on North Fourth street. At the close of the game the prizes were awarded to Miss Mary Webb and Mr. Howard Jones, and the consolation prizes were given to Miss Mamie Traxler and Mr. Frank Webb. Miss Ried's guests were, Misses Ruth Speer, Lulu May Barriek, Mary Webb, Winnie Fulton, Ruby Jones, Ruby Franklin, Amy Franklin, Elsie Hirschberg, Shirley Pitzer, Lillian Franklin, Hazel Thomas, Mamie Traxler, Lillian Miller, and Jessie King. Messrs. Jerome Ferguson, Fred Knowlton, Frank Webb, Nelson Pierson, Will Schroeder, Roy Harthorn, Paul Sheppard, Howard Jones, Harry Pigg, Burner Anderson, Harry Browne, George Flory, and Mr. Conley of Granville.

The Unity Reading Circle met on Thursday evening with Mrs. Corn Laird at her home on West Main street. Roll call was responded to with quotations from Longfellow, and the following program was carried out:

Leader, Mrs. Mary Gabkee. "Clothed with celestial grace. And beautiful with all the soul's expansion. Shall we behold her face." Vocal solo, Miss Bertha Doomey. China as a Populous Country, Miss Mary Murphy. Family Life and Ancestral Worship, Mrs. Elva Kelley. Current Events, the Club. Reading, Miss Blanche Murphy. Vocal solo, Miss Doomey.

Mr. Homer Howard was delightfully surprised on Wednesday evening at his home on Clinton street. Games, dancing and refreshments were the chief features of the evening. Those present were the Misses Marion Hatch, Mabelle Moore, May Van Dusen, Martha Shindie, Helen Watkins, Helen Fryer, Fay Shaffer, Alice Barker, Anna Davis, Vernon Martin, Ruth Hatch, Helen Batson, Lina Shaffer, Addie Jones, Elsie Jones, Beatrice Brown, Messrs. William Blood, Stewart Goldsborough, Stanley Connel, Frank Doone, Earl Watkins, Earl Kinsey, Harry Metz, William Skinner, George Wagenheim, Kenneth Crouse, Charles Wagenheim, Roy Spicer, Homer Howard.

A number of young people gave a delightful surprise on Ralph Vance at his home on Tenth street on Monday Sunday school class last Saturday evening. Pedro was played and at the close of the game the prizes were

EXCITEMENT

If your nerves are beyond control Dr. Greene's Nervura is the help you need.

Hysteria doesn't kill. It is close to insanity, but seldom reaches it. Hysterical attacks are often followed by melancholy. Excitement turns to depression, the tension relaxes. How do you expect to get relief? Does your doctor laugh at you? Does he tell you that "hysteria needs an anodyne"? Implying that you are a weakling? That you work up the attack for effect? Dr. Greene's Nervura is a blood and nerve remedy is the positive relief and cure for this frightful condition. It has done wonders for a host of women who were menaced by hysteria. Mrs. Nettie Richards, Berry, So. Livermore, Me., says: "Two years I had hysterical and was fearfully nervous. I was in a terrible condition. My limbs were cold all the time. I could not sleep nights and had no appetite. My nerves were in a frightful state, and I was very weak. I tried medicines and doctors, but they did me no good. One day a friend wished me to try Dr. Greene's Nervura blood and nerve remedy. I did so, and after taking this wonderful medicine for a short time I was in perfect health. I think Dr. Greene's Nervura blood and nerve remedy is splendid, and would advise everybody to try it."

Get help where your trouble is understood. Dr. Greene is a specialist in nervous troubles. His Nervura is their sovereign cure. Try to believe this, for it will save you from misery. Write to the doctor or call for free counsel at 101 Fifth Avenue, New York City. Write today. Don't wait.

awarded to Miss Mary Webb and Mr. Earl Haight. Consolation prizes were given to Miss Mabel Phillips and Mr. Fred C. Metz. Refreshments were served. Those present were Misses Mary Webb, Helen Crane, Stella Howard, Cassie Hilliard, Mabel Phillips, Mary Haight and Lulu May Barriek, Elsie Hirschberg, and Margaret Nichols. Messrs. Verne Priest, Roy Hartshorn, Louie Dare, George Harrington, George Flory, Fred Knowlton, Earl Haight and Fred Metz.

Miss Belle Baker charmingly entertained a few of her friends on Friday evening in honor of her guest Miss Eyster of Granville. Miss Eyster and Miss Doomey deserve special mention for the beautiful music rendered during the evening. The guests present were the Misses Braumhold, Frye, Cramer, Patterson, Doomey, Alexander, Eyster, Messrs. Austin, Connolly, Atcherly, Braumhold, Marshall, Tate.

The cozy home of Mrs. Thomas Adams, one and one-half mile north of the city, was the scene of a very pleasant masquerade surprise. Thursday evening, the guests being about fifty-six of her Lady Macabee friends. Mrs. Adams proved herself a charming hostess. The evening was spent in dancing, social converse, games, etc. the cake walk being one of the features of the evening.

Among those present were Mr. and Mrs. D. Stierman, Mr. and Mrs. H. Santee, Mr. and Mrs. F. A. FORMERLY "TENNIE" CLAFLIN, OF THIS COUNTY,

Says She is About to Enter Reform Work in England—Practical Charity.

A press cablegram to the Advocate Saturday from London brings the following regarding Lady Cooke, who was born near Homer, this county:

"Lady Cooke, formerly Tennessee Claflin, says that she is about to enter reform work in England. She intends to devote a part of her large income to opening schools and conference halls for teaching her views and promoting practical charity, eventually endowing them, if they are successful, with her whole fortune. She says she knows that in doing this she will be executing the wishes of her deceased husband. Lady Cooke will aim to teach people that the human body is the temple of God to enable them to understand their duties to themselves and their children."

MURRY HOUSE—The old Tubbs House, was opened in 1858 by two men named Murry, who called the hotel The Murry House, two years later the name was changed to the Preston House, and later to the Lansing House and then afterwards the Tubbs. This information was given the Advocate by ex-Marshall Joseph Griffith.

AMUSEMENTS.

As a play "Quo Vadis" is a winner. It has proven even more of a success than when it was presented as a novel by the famous writer Sienkiewicz. Stanislaus Stange who was especially engaged to make a dramatization for F. C. Whitney & Edwin Knowles, went to the original for his material instead of taking the publication in English and in doing so he has managed to extract all of the cream and to give to the public many gorgeous and beautiful stage pictures faithfully portraying the scenes incident to the reign of Nero and his terrible persecutions of the Christians. This is really the only authorized version of the popular novel as dramatized for the stage and though there have been many imitations not one can compare with the production that will be presented at the Auditorium tonight.

Auditorium on Monday. "The Great White Diamond," Walter Fessler's strongest effort in the melo-drama, comes to the Auditorium next Monday night with a great cast. Besides the "Human Mail Bag," the "Swing for Life," and other thrilling mechanical effects, there is a weird character called "Nycalops," new to the stage and founded on medical authority. The play is an interesting story throughout, saturated with human motives, without any of the grotesque or exaggerating. It tells a remarkable story.

Y. M. C. A. Entertainment. The third number in the Y. M. C. A. entertainment course will take place Monday night, January 27th. The Elvie Burnett Concert company will be the attraction. Miss Burnett is not a stranger to the Newark public, but was greeted as one of the most artistic readers ever appearing before the people. Miss Rosa Weidhorn is an Austrian lady gaining recognition in Boston as an artist of marked ability. As a violinist Miss Weidhorn will charm her hearers. The entire company is one that will delight the patrons of the Association course of entertainments. Reserved seats are going fast and all who desire to attend this excellent entertainment should secure seats as soon as possible. Reserved seats 50 cents. Use Advocate want ads.

DEMOCRATS

OF THE HOUSE HOLD CAUCUS AND RESOLVE

To Battle on the Floor of the House For Principles of Democracy. Washington News.

Washington, Jan. 25.—A caucus of the Democratic members of the house of representatives was held in the hall of the house, and after a brief discussion, resolutions were unanimously adopted declaring the members were without power to promulgate a platform of principles for the party, owing to the binding character of the party platform heretofore regularly made in national convention. It was also resolved to battle vigorously and aggressively on the floor of the house for Democratic principles. Discussion occurred over a sub-resolution proposed by Representative Henry of Texas, more specifically declaring it to be the duty of every Democratic representative to adhere to the national Democratic platform until another Democratic convention adopts a new one.

The caucus was the outgrowth of animated discussion among Democratic members ever since the present session of congress began, the chief issue being as to the extent to which the Kansas City platform should be reaffirmed or should be superseded by a new declaration of policy. The plan of an entirely new declaration took form early in the session in resolutions by Representative McClellan of New York, setting forth numerous planks but omitting the financial declarations of the Kansas City platform. Representative Ball of Texas proposed a specific reaffirmation of the Kansas City platform. These and several other resolutions of policy were referred to a special committee of 12 leading Democratic members, headed by Representative Richardson of Tennessee, the Democratic floor leader. It was to receive the report of this committee that the caucus was held.

The caucus adopted the following: "Resolved, that the territories of Arizona, Oklahoma and New Mexico are entitled to statehood and should be admitted to the Union on equal footing with the balance of the states, and we pledge the support of the Democrats in the house of representatives to such a bill."

Philippine Coins.

Washington, Jan. 25.—Sketches of the new Philippine coins, as proposed by the Philippines commission, were shown to the members of the house insular committee by Director of the Mint Roberts. They show a Philippine design with a native head and wording on one side, while the reverse side shows an American emblem and the wording in English. Mr. Roberts was heard concerning the needs of a revision of the Philippines currency as proposed in the Lodge and Cooper bills.

Deficiency Bill Passed.

Washington, Jan. 25.—The house passed the urgent deficiency appropriation bill and devoted the remainder of the session to private pension legislation. It then adjourned until Monday. The Republicans forced a record vote on the amendment to the deficiency bill to appropriate \$500,000 for the "protection and shelter" of American soldiers in the Philippines, and 16 Democrats voted for it.

WM. C. WELLS

IS TO HAVE CHARGE OF THE BUCKEYE LAKE INTERESTS

At the Reservoir—Improvements to be Made—150 New Boats Have Been Ordered.

The news is authoritatively announced that Col. W. C. Wells of this city, is to have complete charge of all the property of the Columbus, Buckeye Lake and Newark Traction company at Buckeye Lake. It is the intention of the company to make extensive improvements at the old Slump, or Swick house and to convert the place into a first class pleasure resort.

Among the new improvements that will be made will be the erection of a new and commodious dancing pavilion, a dining room, lunch counter, toboggan slide, base ball and croquet grounds, and everything usually found at a first class pleasure resort. In addition to the improvements mentioned one hundred and fifty new boats, of the latest pattern will be provided. The improvements already mapped out will necessitate the outlay of about \$15,000. Work will be commenced as soon as the weather will permit.

The Columbus, Buckeye Lake and Newark Traction company has made a wise selection in the choice of Col. Wells, as no better man could be found anywhere. He is an hustler, is popular and if hard work and effort will bear good fruit will make Buckeye Lake a "Thing of beauty and a joy forever."

Newark people especially, will be glad to learn that the Colonel is to have charge of the resort, for they realize that when they visit the lake they will receive kindly treatment at his hands.

Mr. Wells has also leased the Shell Beach hotel near Rownd Island for the coming season.

ELECTRIC LINE

Company is Asked to Build Via Wilkin, Martinsburg and Gambier to Mt. Vernon.

Dr. J. F. Shrontz and Mr. David Francis, both of Martinsburg, visited Newark Saturday in the interest of the proposed change in route of the Newark-Mt. Vernon electric road. The company has franchises between Mt. Vernon and Newark via Utica, but these gentlemen, representing the people of all that section of the country, ask to have the road be built through Wilkin's Run, Purdy, Martinsburg and Gambier to Mt. Vernon, instead by the way of Utica.

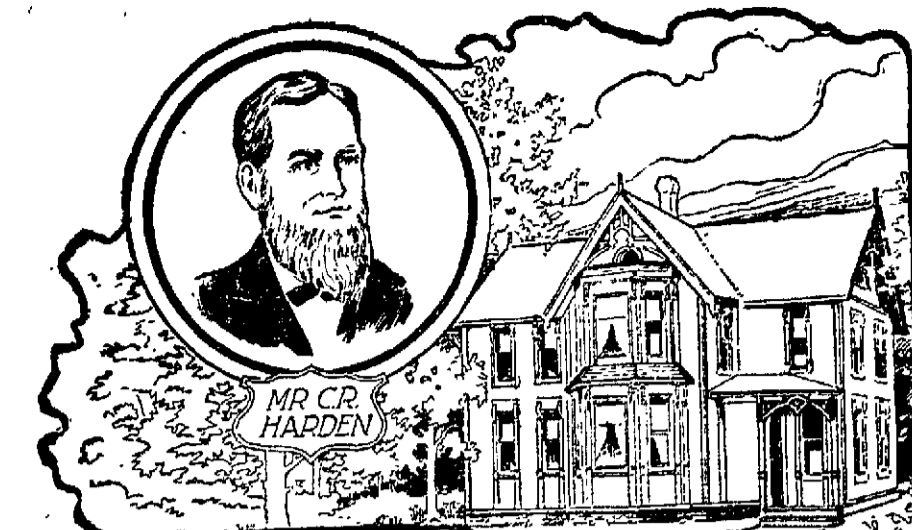

These men point out the fact that Utica already has B. & O. connections with Newark and that by constructing the line through the towns mentioned a rich country which has no railway facilities whatever, would be brought into connection with Newark.

The case is well presented by Dr. Shrontz and Mr. Francis and there is no question but that the promoters of the projected road will take into earnest consideration the advantages offered by the proposed route.

Chicago, Jan. 25.—E. H. Harriman, representing seventy-eight millions of the Northern Pacific railway, was before the Inter-state Commerce commission this morning. He is one of the magnates concerned in the big Northwestern merger. He said the only reason the Northern Pacific consolidated with the Great Northern and C. B. & Q. was to preserve the avenues it already has from being cut off.

A SENSATIONAL RECOVERY.

A Venerable Wisconsin Lady Restored to Health by Peruna After Twenty-five Years' Suffering.

[Special news from Evansville, Wis.]

EVANSVILLE, WIS.—A woman cured of catarrh of twenty-five years' standing was the occasion of Peruna being introduced to the inhabitants of Evansville, Wis. From that time to this there has been a great demand for Peruna in this vicinity and hundreds of cases have been cured.

It is in this manner that Peruna spreads from town to town and from state to state. No sort of advertising could have given Peruna the reputation it has. The secret of its success is that it makes cures. It cures old cases of catarrh where other remedies have failed. This ought to make any remedy popular.

Mr. C. R. Harden, of Evansville, Wis., writes the following letter:

Dear Doctor Hartman—"I wish to write to certify what Peruna has done for me. I read of Peruna in the papers, of what it would do for catarrh, and sent for a bottle. This was the first bottle of Peruna that ever came to Evans-

Startling Statements from Kentucky, Illinois and New Hampshire of Other Remarkable Recoveries.

WILLARD, KY.—The news of the recovery of Mrs. Elizabeth Prater is a very striking instance of the wonderful curative powers of Peruna. This estimable lady had been an invalid from catarrh of the stomach and bowels for twenty years. No wonder her many friends are enthusiastic over her recovery. "She writes: 'It is through the mercies of God and your medicine that I am permitted to write you this letter. I have been a constant sufferer from bowel and stomach trouble for about twenty-five years, and could never find relief until I began the use of Peruna. I think it is a God-send to poor suffering humanity.'—Mrs. Elizabeth Prater.

ville; from my using it all three of the druggists now keep it.

"It cured my wife of catarrh of the stomach and bowels, and I had been troubled with it for fifteen years. We are now both all right.

"My youngest son had a grippé four years ago, and as he had supposed had got well, or so far recovered that he went to work. He took a relapse and the pneumonia set in. He had hemorrhages, and though we tried everything we could think of it was to no purpose until we gave him Peruna. The hemorrhages stopped, and he soon got up and is well and hard at work. We think there is nothing like Peruna."

In a recent letter Mr. Harden writes: "We keep Peruna always in the house, as it cured us both of catarrh of long

standing. We have callers every little while to inquire as to what Peruna has done for us. I say: 'Look at us. That is proof enough.'"

"I send you a picture of my residence. I helped build a house in Iowa City on the first of last June, and worked eighty-two days, only losing one-quarter of a day during the whole time. How is that for an old man 77 years old? I came home in September and have built another house out in the country this fall and am well and hearty to-day.

"I hope to live twenty years yet, and if Peruna helps me in the future as it has in the past, I don't know why I can't. The druggists say Peruna is one of the best selling medicines they have in stock."—C. R. HARDEN.

Peruna can be relied upon to cure slight colds and coughs and other catarrhal ailments with a promptness that is unequaled by any other remedy.

If a cold has settled in any portion of the body and produced catarrh, it is generally thought by people that they must suffer on year after year without any hope of cure. This is not true, however. Peruna cures such cases. Thousands of testimonials that can never be used attest this fact.

Any one wishing free literature on this subject should address Dr. Hartman, Columbus, Ohio.

MANCHESTER, N. H.—According to complete advice, Miss Blanche L. Rundlett has made a complete recovery from catarrh of the head which had caused a chronic running from the ears. Her own statement of the case is as follows:

"I have suffered for several years with catarrh of the head. It finally reached my ear, and caused a running ear. Having read of Dr. Hartman's remedies I immediately wrote, and he advised me. To-day I am in better health than I have been for some time. I will gladly recommend Peruna for all catarrhal diseases."—Miss Blanche L. Rundlett.

Y. M. C. A. Notes.

The men's meeting at the Y. M. C. A. next Sunday afternoon will be addressed by Prof. E. P. Childs of the Newark High school, on the subject, "Loyalty." This is an address to young men and a large audience of men should greet Prof. Childs at 3:30 o'clock. The male quartet will sing. The song service will open at 3:30 sharp.

The men's Bible class will meet on Sunday afternoon in Taylor Hall at 2:30 o'clock. This is a conversational class and all men are invited to drop in and enjoy the hour of Bible study. The boys' class will meet at two o'clock in the Junior room. The meeting will be in charge of Miss May Lamley. All boys are invited to attend this hour as something of importance will be announced to the boys at that time by the leader.

Suspect Run Down.

Denver, Jan. 25.—A telephone message from Ft. Collins, Colo., announces the capture of a man believed to be the one who, on Dec. 21, murdered Harold Fridholm, 15, and assaulted his 16-year-old sister, while the pair were skating near their home in this city. He was captured in a cave 22 miles north of Bellevue, and when surrounded drew a pistol and tried to commit suicide, but succeeded only in breaking his jaw.

After Squatters.

Belfast, Jan. 25.—An effort will be made to clear Tory island, off the northwest coast of Ireland, county of Donegal. Wholesale ejection papers have been served upon the inhabitants of the island, who are chiefly fishermen, and number about 300. They elect their own king and try, not paid rents or taxes for many years past.

Blame Railway Officials.

New York, Jan. 25.—The coroner's investigation into the causes of the recent disaster in the New York Central railroad tunnel was brought to a close when the jury, after being out three hours and five minutes, returned a verdict completely exonerating John M. Wisker and E. C. Fyler, the crew of the engine that crashed into the rear end of the train, causing the death of 17 people. The verdict places the blame for the conditions leading to the accident on the officials of the railroad. Both Wisker and Fyler were immediately discharged from custody.

MINISTER'S WIFE

CHARGES HER HUSBAND WITH CRUELTY

In a Petition for Divorce—Asks Custody of Children—Former Pastor at Keene.

The differences that have for more than a year kept apart the Rev. and Mrs. John Proctor Davis have terminated in an action for divorce. It has been filed in common pleas court, Coshocton, Ohio, by Fomerene & Pomerene for Mrs. Davis.

The petition, is not long and simply charges extreme cruelty on the part of the husband. Mrs. Davis asks for a divorce and the custody of and control of her two children aged about 4 and 10 years. She also wants an injunction preventing her husband from interfering with her in any way.

Rev. and Mrs. Davis are well known in Newark and the announcement that Mrs. Davis had brought suit for divorce will in no way surprise their friends. Rev. Mr. Davis was pastor of the Presbyterian church at Keene, Coshocton county, but more than a year ago he resigned his charge and went to Wooster. Later he became pastor of the Presbyterian church, where he is at present. Mrs. Davis has remained in Keene with her children and at present resides there.

Rev. and Mrs. Davis went to Coshocton county from Pittsburg and Mrs. Davis' former home was in Allegheny.

It has never come to any other medicine—never to all medicines—the abundance of Newark testimony showing the unequalled merit established by Dr. A. W. Chase's Nerve Pills. There is probably no case of nervous sick headache they will not cure.

Mrs. B. Bollwine of the Travelers' Hotel, corner Second and Canal streets Newark, Ohio, says: "Dr. A. W. Chase's Nerve Pills are what they claim to be a good nerve tonic. I was induced to use them as a cure for nervousness, restlessness, nervous sick headaches and depression. The box that I got at Bricker's City Drug store worked well in each instance and cured the trouble. I feel well and right again and can recommend them as highly as thoroughly reliable."

Dr. A. W. Chase's Nerve Pills are sold at 50c a box at dealers of Dr. A. W. Chase Medicine Co., Buffalo, N. Y. See that portrait and signature of A. W. Chase, M. D., are on every package.

CONSTIPATION

"I have gone 14 days at a time without a movement of the bowels, not being able to move them except by using hot water injections. Chronic constipation for seven years placed me in this terrible condition; during that time I did everything I could but never found any relief, such as my case until I began using CASCARETS. I now have from one to three passages a day, and I feel much better. I would give \$100.00 for each movement; it is such a relief."

Old People Omega Oil

After men and women

are 50 years of age, they begin to decline. Nature meant it that way. If they have not abused their health those 50 years, no kind of medicine is needed. But nearly every one of us works too hard, eats or drinks too much, or abuses the body some way. Then aches and pains come. In all cases of pain in Old Age, the body should be thoroughly rubbed with Omega Oil. The Oil not only stops the

pain, but invigorates the whole system, and gives old people a youthful feeling by loosening the joints, softening the skin and soothing the nerves. It is particularly recommended for Rheumatism, Gout, Lumbago, Crick in the Back and Stiff in the Side. 50c. a bottle.

There is no remedy so sure for Coughs, Colds and Croup as

Charge Against a Messenger.
Atlanta, Ga., Jan. 23.—J. H. Alexander, a colored messenger in the office of Major P. C. Stevens, paymaster of the United States army, was arrested for the second time by a secret service agent on the charge of stealing government funds amounting to \$4,750, which mysteriously disappeared from the office of Major Stevens Nov. 6 last, as he was leaving this city for Pensacola, Fla., to pay off the garrison there. The negro was committed to jail for trial next Monday. A statement which Alexander is said to have made in regard to the disappearance of \$2,750 of the missing money and away in his (Alexander's) room in the paymaster's department on Thursday morning led to the arrest.

LABOR NOTES.

Amos James has resigned his position at the Halsey glass works. The union label shields retailers against prison and sweat shop goods. Crist H. Miller, George Terrell and Cliff Coffman have accepted positions at the Halsey glass works.

Actions, not words, will show your sympathy for labor, and the way to act, is get the label first and do your talking afterwards.

Special meeting of Teamsters' Union tonight at Labor Hall, West Side Square. All teamsters and drivers of teams, whether members or not are requested to be present. A national representative will be present.

The Actors' National Union has adopted a label. It is worn on a lapel button, and also appears in the center of blue and white poster which is displayed in front of theatres employing members of the union. The new label has the endorsement of the American Federation of Labor.

At the trial of a union man arrested in Los Angeles for carrying a boycott banner, thirty citizens were disqualified as jurors because they were not property owners. And we call this a free country, and boast of the beauties of American citizenship! When did property become a prerequisite to brains or good common sense? That is all a juryman needs.

It is the duty of every union man when entering a store to purchase goods to remember not once, but always, to ask the clerk to show his quarterly card.

It is also the duty of every union clerk to push the sale of union goods first, and not wait until they are asked for, and in that way they not only help themselves but all other brother workmen.

We understand that a firm in this city has for sale Ohio penitentiary made stoves. When purchasing a stove as well as other articles, see that it bears the union label and avoid prison made goods. The men who make these stoves receive from 50 to 80 cents a day in the prison, while we have good union brothers with families to support and they are the ones who need your help. Look for the label.

Brother John F. Braun, traveling business agent of Local No. 5 Metal Polishers' Union of Dayton, is in the city in the interest of that organization pushing the boycott on the National Cash Register.

To Organized Labor and the General Public:

The statement which is being sent out by the National Cash Register Co. of Dayton, O., inferring that the National is on the fair list, and union made is not true. They have in their employ non-union molders and non-union metal polishers, who have taken the places of molders and polishers who went out on strike last April and May. We ask all merchants receiving these statements to treat them with the contempt they deserve.

Fraternally,
METAL POLISHERS' UNION.
Local 5, Dayton, O.

In this age of progress, where improvement is the order of the day, machinery has been developed to such an extent that the child takes the place of the parent (to do as much work at less cost) while the parent may be seen walking the streets in idleness.

Retailers know that the parent is a consumer, but when idle, an unprofitable one; for no matter how you may display your goods, or how much the parent may be in need, they can not buy your goods without the means, and to secure this they must have work.

The parent wants work! Society desires that he should have work! But while they are striving in various ways to help him to secure work, with a living wage, the giant trusts in solid phalanx are eating their way into the vitals of all, and each day gaining added strength at the expense of the retailer as well as the consumer (labor).

To change this make a liberal study upon all Economic questions, and while you are deciding which is right show labor in your own vicinity that you are friendly by keeping in stock union labeled goods. Ignorance on economic conditions is a blot upon civilization.

Jasper Clarke of Toledo, President of the Team Drivers' International Union, was in the city today, and tonight will talk to the team drivers of the city whether union or non-union. All are invited to Labor Hall.

Sunday afternoon at 3 o'clock Mr. Clarke will meet with and address the arbitration Board of the Trades Council. Mr. Clarke has made a tour of New York and Pennsylvania and is now touring Ohio.

That is dyspepsia. It makes life miserable. Its sufferers eat not because they want to, but simply because they must. They know they are irritable and fretful; but they cannot be otherwise. They complain of a bad taste in the mouth, a tenderness at the pit of the stomach, an uneasy feeling of puffiness, headache, heartburn and what not. The effectual remedy, proved by permanent cures of thousands of severe cases, is **Hood's Sarsaparilla**. *Hood's Pills are the best cathartic.*

CHANGE OF LIFE

Some Sensible Advice to Women by Mrs. E. Sailer,

President German Relief Association, Los Angeles, Cal.

Owing to modern methods of living, not one woman in a thousand approaches this perfectly natural change without experiencing a train of very annoying and sometimes painful symptoms.

These dreadful hot flashes, sending the blood surging to the heart until it seems ready to burst, and the faint feeling that follows, sometimes with chills, as if the heart were going to stop for good, are only a few of the symptoms of a dangerous nervous trouble. The nerves are crying out for assistance. The cry should be heeded in time. Lydia E. Pinkham's Vegetable Compound was prepared to meet the needs of woman's system at this trying period of her life, and all women who use it pass through this trying period with comfort and safety.

MRS. E. SAILER.

"DEAR MRS. PINKHAM:—When I passed through what is known as 'change of life,' I had two years' suffering.—sudden heat, and as quick chills would pass over me; my appetite was variable and I never could tell for a day at a time how I would feel the next day. Five bottles of Lydia E. Pinkham's Vegetable Compound changed all that, my days became days of health, and I have enjoyed every day since.—now six years.

"We have used considerable of your Vegetable Compound in our charitable work, as we find that to restore a poor mother to health so she can support herself and those dependent upon her, if such there be, is truer charity than to give other aid. You have my hearty endorsement, for you have proven yourself a true friend to suffering women."—Mrs. E. Sailer, 736 1/2 Hill St., Los Angeles, Cal.

When one stops to think about the good Mrs. Sailer derived from Mrs. Pinkham's advice and medicine, it seems almost beyond belief yet it is all true as stated in her letter published above at her own request.

No other medicine in the world has received such widespread and unqualified endorsement. Refuse all substitutes.

As a matter of positive fact Mrs. Pinkham has on file thousands of letters from women who have been safely carried through that danger period "Change of Life." Mrs. Sailer's cure is not an unusual one for Mrs. Pinkham's medicine to accomplish.

No other person can give such helping advice to women who are sick as can Mrs. Pinkham, for none have had such a great experience—her address is Lynn, Mass., and her advice free—if you are sick write her—you are foolish if you don't.

\$5000 REWARD.—We have deposited with the National Cash Register Co., \$5000, which will be paid to any person who can find the above testimonial letter is not genuine, or was published before obtaining the writer's special permission. Lydia E. Pinkham Medicine Co., Lynn, Mass.

Dr. David Kennedy's Favorite FREE Remedy

By Special Arrangement Every Reader of the NEWARK DAILY ADVOCATE, can Obtain Absolutely Free a Trial Bottle of this Wonderful Medicine.

HOW TO TELL.—Take a bottle or tumbler and fill it with urine; let it stand twenty-four hours. If you find a sediment at the bottom or a milky or cloudy condition, something is wrong with your kidneys.

Dr. David Kennedy's Favorite Remedy cured Mrs. D. Ackerly, of Jersey City, who says: "Oh, how I wish I could speak personally with every woman who is in any way troubled with illness common to our sex, for I would advise them to use at once Dr. David Kennedy's Favorite Remedy and be cured, for my case was abandoned by the physicians."

There is no female weakness or irregularity which Dr. David Kennedy's Favorite Remedy will not relieve and cure. There is no pain or ache peculiar to women which it will not drive away.

Dr. David Kennedy's Favorite Remedy feeds the blood with 'Red Life-giving Corpuscles. It is of great value where the nerve-force, general strength and vigor are wasting away. In Rheumatism and Gout it quickly transforms the Uric Acid in the blood into urea, which is the cure for these diseases. It is the only kidney medicine that acts as a laxative; all others cause constipation, which is most objectionable and dangerous to the diseased system.

Trial Bottle Free

By special arrangement with the Dr. David Kennedy Corporation, readers of the Advocate, are enabled to obtain a trial bottle of this wonderful medicine and a pamphlet of valuable medical advice absolutely free, by simply sending their full Post-Office address to DR. DAVID KENNEDY CORPORATION, Rutherford, N. J., and mentioning having seen this generous offer in the Advocate.

The publishers of this paper guarantee the genuineness of this liberal offer. Favorite Remedy is sold by all druggists or direct, \$1.00 a bottle; 6 bottles for \$5.00.

THE CONTEST

LAWYERS MAY AGREE AS TO THE EXAMINATION Of Witnesses Who Will Testify thus Shortening Investigation—News of the Courts.

The trial of the Wickham-Coyner election contest before the Circuit Court at Delaware was adjourned on Friday to Tuesday next. The plaintiff, Wickham, has called and examined 67 witnesses, mostly students of the Ohio Wesleyan university, the object of the plaintiff being to show that these students were illegal voters, not domiciled at Delaware, but they had gone there for a temporary purpose, that of attending college and securing an education, and not intending to make Delaware their permanent abiding place and home, claiming that these witnesses voted for Coyner and against Wickham for Judge, and that their votes should not be counted. An agreement may probably be arrived at on Tuesday as to the manner in which the remaining testimony be submitted to the court for its determination, and as to the law of the case, thus materially shortening the investigation. Messrs. Fulton, Hunter, Randolph and Norpell will return to Delaware to resume the trial on Monday evening. Court Stenographer C. C. Cooper returned from Delaware last evening, where he has been reporting the contest.

A special to the Advocate from Delaware today says: Among the twenty students examined were O. J. Barnes and J. A. Zartman, of Newark. An amusing incident took place during the examination of student Barnes. When asked if the witness recognized his fellow townsman, Attorney T. W. Phillips, Mr. Barnes replied that he refused to answer. "Why do you refuse to answer?" asked Judge Day. "I refuse to answer on the grounds that I might incriminate myself," replied the witness. It was five minutes before order was restored in the court room, during which time Mr. Phillips' face assumed a color very similar to the red necktie the popular Prosecuting Attorney wears.

Divorce Granted. In the Probate Court today Frank Downing was granted a divorce from his wife, Anna Downing, on the grounds of gross neglect of duty.

Marriage Licenses. Marriage licenses have been granted to Lawrence J. Donaldson and Cora A. Miller, and Irwin H. Peters and Jennie D. Wood.

Fine Farm for Sale. The farm of James M. Tompkins, deceased, lying east of the State Encampment Ground, consisting of 141 and one-half acres, and appraised at \$14,500.00, will be sold by T. B. Fulton, his executor, on Saturday, February 1, at one o'clock p. m. at the Court House.

GUARDIAN—A motion to set aside the guardianship of Columbus Canaday of John Hays, insane, was heard in the Probate Court before Judge Taylor, and was overruled.

Mrs. Willard Stewart is quite sick at her home north of the city.

Crane, Negative, Mrs. Fulton. Critic—Mrs. Stephan.

The Sunset club held a banquet at the club rooms Tuesday night and the members of the organization were in full attendance and all highly enjoyed the occasion. Refreshments were served and the event was declared the most delightful affair in the history of the club.

The Anonymous club was royally entertained on Thursday evening by Mr. and Mrs. George L. Starrett, at their pleasant home on West Church street with a six o'clock dinner. Covers were laid for sixteen, and all did justice to the repast. A most enjoyable time was had by everyone.

The "No Name" club met at Miss Ruth Jones on East Main street, Jan. 15. The afternoon was spent in games and music, after which refreshments were served. Those present were: Amy Alsbaugh, Inez Fately, Cora Coleman, Mary Powell, Martha and Sophia Fhurschutz, Pansy Stewart, Josephine Sawyer, Mabel Glenn, Orpha Hollinger, and Ruth Jones.

Mrs. Harry Swisher delightfully entertained the Progressive club Wednesday afternoon at her home on North Third street. The program was most interesting. "The Wilds of Monte Negro—Picturesque Costumes and Simple Lives of the People"—Mrs. Laura S. Baird. Reading—Mrs. Teresa L. Stevens. Vocal Solo—Miss Mary Baldwin. "American Sports—The Modern Physique"—Miss Ethel Pitser. Current Events—Mrs. Laura Franklin.

Critic—Mrs. Fanny B. Miller. Refreshments were served at the close of the meeting. The club will meet next week with Miss Josephine Veach. The guests were Mrs. Clarence White, Mrs. John Dean, Mrs. Chas. Miller, Mrs. T. M. Edmiston, Mrs. Frank Granstaff, Mrs. Melville Gillette, Mrs. Eugene Koos, Mrs. Frank Walker, Mrs. Frank Collins, Mrs. Edward Browne, Miss Fannie Smith, Miss Nellie McCune, Miss Mary Baldwin, and Miss Ethel Baldwin of Columbus.

Refresher. Mrs. Fulton. Critic—Mrs. Stephan.

Reward of Merit. A New Catarrh Cure Secures National Popularity in Less Than One Year. Throughout a great nation of eighty million it is a desperate struggle to secure even a recognition for a new article to say nothing of achieving popular favor, and yet within one year Stuart's Catarrh Tablets, the new catarrh cure, has met with such success that today it can be found in every drug store, throughout the United States and Canada. To be sure a large amount of advertising was necessary in the first instance to bring the remedy to the attention of the public, but everyone familiar with the subject knows that advertising alone never made any article permanently successful. It must have in addition absolute, undeniable merit, and this the new catarrh cure certainly possesses in a marked degree. Physicians, who formerly depended upon inhalers, sprays and local washes or ointments, now use Stuart's Catarrh Tablets because, as one of the most prominent stated, these tablets contain in pleasant, convenient form all the really efficient catarrh remedies, such as red gum, blood root and similar antiseptics. They contain no cocaine nor opiate, and are given to little children with entire safety and benefit. Dr. J. J. Reitter, of Covington, Ky., says: "I suffered from catarrh in my head and throat every fall, with stoppage of the nose and irritation in the throat affecting my voice and often extending to the stomach, causing catarrh of the stomach. I bought a fifty cent package of Stuart's Catarrh Tablets at my druggist, carried them in my pocket and used them faithfully, and the way in which they cleared my head and throat was certainly remarkable. I had no catarrh last winter and spring and consider myself entirely free from any catarrhal trouble." Mrs. Jerome Ellison, of Wheeling, W. Va., writes: "I suffered from catarrh nearly my whole life and last winter my two children also suffered from catarrhal colds and sore throats so much they were out of school a large portion of the winter. My brother who was cured of catarrhal deafness by using Stuart's Catarrh Tablets urged me to try them so much that I did so and am truly thankful for what they have done for myself and my children. I always keep a box of the tablets in the house and at the first appearance of a cold or sore throat we nip it in the bud and catarrh is no longer a household affliction with us." Full sized packages of Stuart's Catarrh Tablets are sold for fifty cents at all druggists. Send for book on cause and cure of catarrh mailed free. Address, F. A. Chas. E. Crozier's Death.

Charles E. Crozier, aged 62 years, died at Irville, Friday, after a brief illness of cancer of the liver.

The funeral will take place at 10:30 o'clock Monday morning from the Irville Methodist church, of which he had been a life long member.

He leaves a widow, two sons, Farris, a B. & O. conductor, and Charles, a Pan Handle brakeman and two daughters, Mrs. Lillie Welsh and Mrs. Maggie Welsh of Muskingum county.

Two brothers, J. B. B. & O. car inspector at Newark, and H. S., an attorney at Zanesville, also survive.

The speediest long distance delivery of mail ever accomplished in the world was that of the consignment which left Sydney, Australia, October 15, for London, England, by the American route. A distance of 15,265 miles was covered in 31 days a saving of four days over the Suez canal route.

In the United States the number of miles of railway in proportion to the number of inhabitants is nearly double that of any European country.

RECRUITS

Gained by the Boers in Cape Colony.
Truth Suppressed, Says Daily
News Special.

London, Jan. 25.—The Daily News
has published from its correspondent
at The Hague, whom it claims to have
been very accurate, the following dis-
patch taken from private advices.
"News from South Africa has reached
military circles here that the power
of the Boers over Cape Colony is in-
creasing daily, that the rebellion is
constantly spreading and that the
colonists are joining the Boers in
steadily increasing numbers. The ex-
ecutions of Commander Lotter (Oct.
21, 1901) and Commandant Scheepers
(Jan. 12, 1902) have had the result of
deciding the loyalists to join the
Boers, whose position is persistently
reported to be more favorable than
ever." The same private advices as-
sert that the British suffered a dozen
defeats from September to November,
1901, of which no mention is made in
Lord Kitchener's reports.

Engineers' Pay Increased.

Chicago, Jan. 25.—Every one of the
800 locomotive engineers on the Lake
Shore and Michigan Southern railway
is to be given a material increase in
wages. The advance in pay was
agreed upon at a meeting of a com-
mittee representing the engineers and
officers of the road in Chicago, and is
the result of meetings that have been
held almost daily since Oct. 26. The
advance is a compromise between what
the employees demanded and what the
company was willing to concede.

Interurban Car Attacked.

Terre Haute, Ind., Jan. 25.—A west-
bound car carrying mail on the Brazil
interurban line was attacked by a
crowd of miners at Seelyville switch,
eight miles east of this city. During
the exchange of shots between the
nonunion trainmen and the miners K.
H. Hagerman was shot in the hip, but
his injury is not necessarily fatal.
Hagerman was an innocent party in
the fight as he was returning to his
home carrying a basket of groceries.

MINERS

DEMAND AN INCREASE OF TEN
PER CENT.

Absolute Run of the Mine—The Way
Scale Formulated—The Indian-
apolis Convention.

Indianapolis, Jan. 25.—The scale
committee of the United Mine Work-
ers' convention began the work of
formulating the demand to be pre-
sented to the operators. It was de-
termined to demand a 10 per cent in-
crease. Absolute run-of-mine, and fix
the differential at 10 per cent be-
tween pick and machine mining. In
addition to this a uniform scale for all
outside day labor will be demanded.
Two years ago an increase of 22.21
was secured by the mine workers.

The convention adopted a resolu-
tion appropriating \$500 to the na-
tional McKinley memorial fund after
a prolonged discussion. Suggestions
in President Mitchell's address were
adopted as follows: That local
throughout the country petition their
representatives in congress to favor
the limitation of the power of federal
judges in the issuance of blanket in-
junctions in times of labor trouble;
that a national department of statis-
tics be created. President Mitchell's
suggestion that the mine hoisting en-
gineers be organized under the super-
vision of the United Mine Workers
with separate districts, in keeping with
the action of the American Federation
of Labor, was not concurred in, and a
motion that the "unconditional sur-
render" of the engineers be demanded
was passed with a vim.

Another Earthquake.

City of Mexico, Jan. 25.—A sharp
earthquake shock was felt here, awak-
ening people from their sleep. A shock
was also experienced at Taxco, in the
state of Guerrero. English-speaking
tourists are raising a large fund for
the Chiapaneco sufferers, who are in
great want and almost utter desti-
tution. The weather there is hot and
the people continue camping out.

TROOPS

Required in Philippines for at Least
Five Years Must Number 50,000
Says Wheaton.

Manilla, Jan. 25.—The publication
in the Philippines of Professor Schur-
man's Boston speech and the minority
report in the senate on the Philip-
pines tariff bill, is deprecated by
the civil and military authorities
here. They say these articles are
liable to have a bad effect on the Phi-
lipinos. General Wheaton, commander
of the department of the North Phi-
lippines, says men have been sent to
prison here for remarks such as those
of Professor Schurman, and if what
he advocates was accomplished it
would mean the expenditure of much
treasure and the shedding of blood
like water. Now, as before, he adds,
50,000 soldiers are needed here, and
will be required in these islands for
at least five years. It will then be
possible to form a government based
on that of the colonies of Holland and
Great Britain, they having proved the
most successful managers of oriental
races. General Chaffee is expected
back from the island of Samar Jan. 30.

Chocolate Drop Devoured.

Baltimore, Jan. 25.—George Dixon,
the veteran colored pugilist, went
down and out under a rain of body
blows delivered by Eddie Lenny. It
was an excellent exhibition of spar-
ring. Lenny had the better of the
argument throughout. His blocking
rendered it impossible for the colored
man to land a telling blow, while Dix-
on proved to be shifter than his old
friends had expected and avoided
many hard leads. In the ninth round
Lenny landed several hard body
blows when the round was two-thirds
over the men came to a clinch near
the ropes and wrestled to the center
of the ring. Dixon fell to the floor,
striking his head and laying open his
cheek. He attempted to rise but was
advised by his seconds to take the
count, and the decision was given to
Lenny.

Talks of Cuba.

Washington, Jan. 25.—A. G. Robin-
son who has spent much of the past
three years studying economic condi-
tions in Cuba, was interviewed at Ar-
lington today. He said:

"There is standing in the Cuban
field today sugar which cost \$15,000-
000, to bring to the present condition.
It is worth only \$30,000,000. That is
all it would bring. This means an ac-
tual loss of \$15,000,000. It falls upon
20,000 large and small planters and
about 150,000 laborers. One half of
the population of Cuba is affected by
the great loss. Without protection for
sugar, Cuba will lapse into anarchy."

Old Age Pension.

London, Jan. 25.—The old age pen-
sion bill drawn up by Burns, a social-
istic member of Parliament, from Bat-
tersea, was introduced in the House
of Commons and printed today. It
provides a pension of five shillings a
week to everybody in Great Britain
over 65 years of age. The measure is
supported by many persons of influ-
ence.
